

Hair Tinting Aftercare Guide

Keep your colour vibrant, shiny, and salon fresh.

17 First 48 Hours (Colour-Locking Phase)

1. **Avoid Washing Hair**
 - Wait at least **48 hours** before your first wash to allow the colour molecules to fully settle into the hair.
 2. **Skip Heat and Sweat**
 - Hold off on intense workouts, saunas, or heat styling during this time to prevent early fading.
-

Washing Routine

1. **Use Low/Sulphate-Free, Colour-Safe Shampoo and Conditioner**
 - Choose a shampoo and conditioner made for **colour-treated hair** to prevent stripping and fading (we recommend Revlon Professional Restart Colour Cleanser and Conditioner).
 2. **Wash in Cool to Lukewarm Water**
 - Hot water opens the hair cuticle and causes faster fading—stick to cooler temps to lock in pigment.
 3. **Limit Washing to 2–3x a Week**
 - Less washing = longer-lasting colour. Use dry shampoo in between if needed.
-

Hair Tinting Aftercare Guide

💧 Hydration & Shine

1. **Deep Condition Weekly**
 - Hydrate and nourish your hair to keep it smooth, soft, and shiny. (Our favourite is Revlon Professional Restart Hydration mask)
2. **Use a Colour Gloss or Refreshing Mask**
 - Tinted conditioners or colour-refresh masks can help maintain tone between appointments. (Revlon Professional Nutri-Colour Filters range for every hair colour)

☀️ Protect Your Tint

1. **Shield from the Sun**
 - UV rays fade colour—use UV-protectant sprays or wear a hat outdoors.
2. **Chlorine & Saltwater Protection**
 - Coat hair in conditioner before swimming, and rinse immediately afterward to avoid colour stripping.

Hair Tinting Aftercare Guide

💧 Heat Styling Tips

1. **Apply Heat Protectant Every Time**
 - Whether blow drying or flat ironing, always use a barrier to reduce fading and damage. (Uniq One All in One is our fav)
2. **Keep Heat Low to Medium**
 - Overheating tinted hair can cause premature fading and dryness.

💕 We Love to Hear From You!

Your experience matters to us. If you're loving your new colour, we'd be so grateful if you left a review or shared a photo! Don't forget to **tag us in your posts and stories** so we can see and celebrate your gorgeous new look. We might even feature you (with your permission!) 💕 #WeAreSalon @weare_salon
